

PaySourceUSA...A Business Partner that Small Business Owners Can Count On!

Since 1994, PaySourceUSA has been providing Human Resource services to small to medium sized businesses throughout the U.S.

Our Mission

“To be a high-performance, sought after Professional Employer Organization that exceeds all customer expectations; provides an enriching, fulfilling and rewarding environment for employees; serves and supports the community and achieves and maintains solid financial performance while consistently enhancing shareholder equity.”

Managing Human Resources is a time consuming element of all businesses – one that re-focuses attention and resources away from core business practices. More importantly, managing your own HR department unnecessarily increases risk and liability.

Why choose PaySourceUSA?

Flexibility, Reliability, Dependability and a focus on **Customer Service** has made PaySourceUSA one the fastest growing businesses in the U.S. in 2004 and 2005 (according to INC Magazine). With over 28,000 employees and 350 clients, PaySourceUSA has proven over and over again that we know how to manage your companies HR activities. PaySourceUSA is currently certified or licensed to do business in all 50 states and 5 countries.

Partnering with PaySourceUSA allows our clients to avoid unnecessary risk; comply with government regulations and guidelines; attract and retain a higher quality workforce and focus on core business practices – all with little or no additional cost to the client (in fact, most of the time – saving the client money which flows directly to the bottom line).
